On the Subject of Monthly Themes

To our dear brethren in the Religion of Light, Shlama!

This letter will mostly be of interest to those brethren who write, compile or edit various articles and other literature for publication.

It is very important for not only Manichaeans to focus their attention on the more important things of God's orderly arrangement, especially the Message of Light itself and the teachings of the Prophet Mar Mani, but also for current seekers of the Holy Light.

In this vein we will be providing a specific theme for each month. Each theme will be a topic that addresses various issues that Manichaeans and individuals in the world may be experiencing.

Lessons, articles and other published items should be based, when at all possible, upon the given monthly theme. This will not necessarily mean that new literature (books, booklets, pamphlets, brochures) would be published each month, but that other published items would carry the same theme throughout a particular month. It is our hope that this arrangement will assist in giving hope to our brethren and to seekers and others who may be able to relate to the particular theme being discussed.

Know that our prayers are always with you as you continue to strive in the Work of the Kingdom of Light on earth.

May Il-Ya bless you in all your efforts to advance the pristine Message of Light to all the nations.

On behalf of the World Teacher and the Bitavhati Madinkha d'Maninaye,
your brothers, in sincerity,

The Maninaye Worldwide Organizational Committee
